

**The Theme of Movement**  
**Activity - How do clothes get to the USA from other countries?**

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Directions:** Fill in the chart below with the correct information.

1. Find 3 different classmates and look at the tag on the back of his /her shirt, sweater, sweatshirt, or jacket
2. On your classmate's tag, find where the item was made. (Ex: Indonesia) Then write the name of the place under the correct heading in the chart below.
3. Next, write the type of clothing (Ex: Sweater) and the material used to make it. (Cotton) If there are more than 2 different materials, choose the one that has the highest percentage.
4. After your chart is completed, use your map to find the different places where the articles of clothing were made. Use your pen/pencil to make a dot on the correct place.
5. Lastly, on your map, make a route to show how the clothing was transported from the place where it was made to the Bradley/Bourbonnais, Illinois. \*\*Use the quickest route.

Article of clothing	Where was it made?	What is the clothing made of?
1.		
2.		
3.
